

ACADEMIC REGULATIONS AND PROCEDURES

Because students are held responsible for abiding by the academic regulations and procedures published annually in the Catalog, they are encouraged to discuss any questions they have with their Academic Adviser. For a general overview, students are urged to review the Policies and Regulations (<http://registrar.uchicago.edu/policies-regulations/>) page published by the University Registrar. Key dates can also be found on the calendars (<https://registrar.uchicago.edu/calendars/>) published by the University Registrar. The following pages describe some of the College's regulations and procedures in greater detail:
